Extensions beyond the initial request may be granted upon receipt of a written request to the Coordinator of Personnel. During the period of the child rearing leave the employee shall not be employed in a job outside of the Erie School District.

Requests for leave shall be made no later than one month prior to the anticipated commencement of the leave. In the case of employees giving birth, the leave must commence by the date of

birth. In the case of male employees, the leave must commence on the date of birth. All leaves shall be consecutive and a return to work will end all right to further leave occasioned by that birth. Employees who are pregnant will be permitted to continue to work as long as they are capable of doing so without health risk. In cases where such employees desire to work beyond the sixth month of pregnancy, they must obtain from their attending physician written advice that the performance of regular duties poses no health risk. This medical advice must be repeated each subsequent month until absence from work commences. If the employee cannot obtain such medical advice the employee will be deemed disabled and eligible to utilize accumulated sick leave. A written statement from the physician of an employee who has given birth shall be submitted verifying fitness to return to required duties as a prerequisite of return to work at the expiration of any period of disability or child rearing leave.

An employee is entitled to use all credited sick leave and accrued vacation time for the period during the leave that they are actually disabled from work as a result of pregnancy or child birth, as certified by a physician. Unused sick leave and vacation shall be carried over until the employee returns.

For employees not giving birth, a one day paid leave of absence shall be granted for parental responsibilities at the time of birth or adoption of a child, without regard to the one month notice requirement set forth above. This one day allowance may be extended in unusual circumstances with the approval of the Director of Human Resources.

The Board shall allow those employees, appointed after July 1, 1980, on maternity leave to reimburse the District for premiums for hospital, medical, surgical and major medical insurance benefits as set forth in Paragraph V-1 of this Article while such employee is on leave. Premiums must be paid in advance in accordance with the District payment schedule.

Nothing in this plan shall be applied in a manner that violates the provisions of the Family and Medical Leave Act.

2. Leaves of absence shall be granted to employees on account of adoption under the following terms and conditions:

As soon as a date of adoption can be determined, the employee shall notify the Personnel Department, in writing, of such date. After giving such notice, the employee may submit a request for a leave of absence.

The leave of absence shall ordinarily be for a fixed period up to a maximum of two (2) years. If the employee desires to return

to work before the expiration of the leave, the request must be submitted, in writing, to the Human Resources Department at least thirty (30) days prior to the desired date of return.

Another adoption during the period of a leave cannot be used to gain an additional concurrent adoption leave.

The employee applying for and securing a leave of absence under the provisions of this Section shall not receive salary from the effective date of said leave until the employee returns to active service in the school system.

U. Child Rearing Leave

Administrators who are fathers of newborn infants or who become a parent of an adopted child (pre-school age) shall be eligible for a child rearing leave immediately following the infant's birth or adoption.

The leave shall be for a period of up to twelve (12) months. All extensions or renewals of leave shall be applied for in writing and may be granted in writing by the Board. In no event shall such extension be for more than a twelve (12) month period. The beginning date for child rearing leave will be determined by the date of birth or date of adoption. The administrator shall give at least thirty (30) days notice before the expected date of such leave, except in cases where such prior notice is not possible. Return to work may be made at any time within twelve (12) months after the commencement of the leave, provided at least fifteen (15) days notice in writing is given to the immediate supervisor.

The employee applying for and securing a leave of absence under the provisions of this Section shall not receive salary from the effective date of said leave until the return to active service in the school system.

All male employees are granted one (1) day leave of absence for parental responsibilities at time of birth of son or daughter. An employee shall be granted one (1) day of leave of absence for parental responsibilities at the time of adoption of a son or daughter.

If an employed spouse opts out of the medical coverage that is available to them at their place of employment and chooses to enroll in the District's plan, there will be an additional cost to the employee for this coverage.
